STATEMENT OF INFORMATION

In asking you to complete this Statement of Information, we hope you won't feel that we are unnecessarily interested in your personal affairs. We are not. We have been asked to insure the title to property in which you have, or will have, an interest. The information supplied by you will help us do our job with more efficiency.

You may well imagine how many people have the same or similar names. In searching titles, it is very possible we will encounter judgments, bankruptcies, divorces, tax liens and even insanity commitments against persons with the same or similar names as yours. Such matters affect the title to your property unless eliminated by information showing that you are not the person involved. It becomes necessary, then, that we know something about you so that we may immediately disregard all matters not directly affecting you or the property being searched.

By filling out this form in full, you are helping us give you the kind of service to which you are entitled. Thank you for your cooperation in this matter.
